The playing 12 for each team must be named BEFORE the toss on Day 1.

This may include a non-batter and non-bowler. The non-batter and non-bowler may NOT change for Day 2, UNLESS they are being replaced. The replacement must take their role - as a non-batter, or non-bowler (e.g. 'like for like' replacement - you can NOT replace a non-batter with a non-bowler, or vice versa)

Changes to each team from week-to-week may occur, but the player/s being replaced MUST be named BEFORE the second day's play begins.

Any not-out batsman at the close of play on Day 1 who is named unavailable for Day 2 is considered retired and may NOT return to bat if they are nominated as a player being replaced.

A player listed on the team sheet in a DJ Barry Cup fixture for Day 1, but is named unavailable for Day 2, may NOT participate in a Hope Cup fixture on that same day.

A player graded to Hope Cup who is used on Day 1, MAY be replaced for Day 2, and play in the Hope Cup. If this player is a not-out batsman at the close of play on Day 1, they shall be considered 'retired out', and may not return to the DJ Barry Cup fixture.
