2 POSITIVE VIBES ONLY – OUR PHILISOPHIES

Code of Conduct - Our Philosophies

Support and Encourage

High fives and good vibes all around! Encourage and support your teammates, opponents, coaches and refs with kindness and good vibes. Show up, give it your all, and have fun doing what you love.

Be a Positive Role Model for Cricket

Act in a way that projects a positive image of cricket. Ensure the player's time spent with you is a positive experience. Operate within the laws and spirit of cricket, while encouraging the players to do the same.

Respect the Space, Respect the Game!

Keeping things clean, in good condition, and the atmosphere positive, is a team effort. Lead with smiles, fair play, and positivity. Be a good sport and remember actions speak louder than words.

Walk the Talk!

Live the values you coach – respect, honesty, and teamwork. Your actions teach more than your words. Support every skill level, every effort and every small win. Be encouraging, stay calm and let the fun come first.

Be Kind and Respectful

Let the good vibes roll...choose to be kind and respectful. Work equally hard for yourself and your team. Remember a player participates in cricket for *their* enjoyment, not for coaches or parents.

Keep Learning and Levelling Up

Stay open to new ideas, training methods and feedback that is appropriate to their needs and goals. Create sessions that are fun, structured, and build confidence – not just skills. Great coaches never stop growing.

Say it Positive and Clean

Keep the positive vibes flowing by using clean, positive, and family friendly language. Applaud effort and performances whether it's by your team or the opposition. Make the game welcoming for all – speak kindly, respect differences and help create a safe space for everyone.

Respect the Legends of the Game!

Say thanks to the people who make the games happen – coaches, officials and volunteers. Remember they are people who give up their time to make the game happen.

Brian Dunning: Teams will play a round robin series of 50 overs games.

Northern Brave Smash: Teams will play a round robin series of T20 games.

Hawke Cup Elimination Series

The top points scorer in the Fergus Hickey Rosebowl matches in the calendar year annually and the first two rounds of the current season shall be the ND challenger for the Hawke Cup in the current year.

6.2 Balls

- In all two-day matches the ball to be used shall be RED four-piece 156g Kookaburra Regulation balls. Each District Association is responsible for these.
- In all one day matches the ball to be used shall be WHITE four-piece 156g Kookaburra Regulations balls. Each District Association is responsible for these.

- In all T20 matches the ball to be used shall be WHITE four-piece 156g Kookaburra Regulation/Turf balls. These will be provided by ND.

6.3 Facilities/Services

The host Association will endeavour to provide first class pitches, good outfields, adequate boundary dimensions, scoreboards and suitable changing facilities as defined in the District Association Warrant of Fitness. The host association will meet the ground and facility charges and will provide lunches and suitable refreshments prior to commencement of play, at lunch, at afternoon tea and at drinks' breaks during play for all umpires, players and associated team officials.

6.4 Covers

The host Association shall ensure that the pitch to be used in any competition match is kept adequately covered during the period preceding the match. The pitch must be entirely protected against rain up to the commencement of play and for the duration of the period of the match. It shall be wholly covered at the termination of the day's play or providing the weather is fine, within a period of two hours thereafter. Such coverings shall remain in position until a time no earlier than 5.00 a.m. and no later than 7.00 a.m. the following morning when they shall be removed if the weather is fine.

Where no ground staff are available it shall be the responsibility of the batting side to cover the pitch during the day's play. It is recommended that the covers also protect the bowlers' run ups to a reasonable distance. At the end of the day's play, it is a responsibility of the host team to assist the ground staff to cover the pitch.

6.5 Nomination of Players

Teams may be composed of 12 players, but only 11 may bat. To maximize player participation the non-batter may be a different player in each innings - but the non-batters must be nominated before the start of each innings. All 12 players can field and bowl, but only 11 players are to be on the field at any one time.

Note that NZC Playing Conditions on substitutes [how long a player must be on the field before ability to bowl and when an absent player is permitted to bat] will apply.

The expectation is that all 12 players field for a minimum of 15 overs per innings. A player not meeting this requirement shall not be able to bat.

6.6 Conduct of Players

The ND Code of Conduct will apply to all players and team members. Please see ND Senior Competition Regulations for process and further information.

6.7 Defaults

If any District Association defaults in a match the following shall apply:

- a. The team defaulting shall lose six points, and non-offending team shall be awarded maximum points gained in that round.
- b. No points shall be gained or forfeited if a default is brought about by bad weather, accident, or other circumstances beyond the reasonable control of the defaulting team. ND shall, if necessary, determine whether the default has been so caused, and may re-schedule the match.

6.8 Clothing

- Representative teams must wear white clothing for all two-day fixtures.

7 MEN'S PLAYING CONDITIONS

7.1 Fergus Hickey Rosebowl

[Plunket Shield Playing Conditions](#)

Except hereunder NZC Playing Conditions for the Plunket Shield shall apply.

Hours of Play (Day 1 & 2)

Time	Session
10:30am – 12.50pm	Session 1
12:50pm – 1.30pm	Lunch
1.30pm – 3.40pm	Session 2
3:40pm – 4:00pm	Tea
4:00pm – 6:00pm	Session 3

On the second day by mutual agreement the captains may cease play one hour early provided there is no possibility of a result. Umpires may vary the length of the lunch/tea interval depending on conditions.

Minimum Overs

Play shall continue each day until the completion of a minimum number of overs (96) or until the scheduled cessation time, whichever is the later.

On Day 1, play shall not continue for more than 30 minutes beyond the scheduled or rescheduled close of play [permitted overtime]. Any overs not completed by the permitted overtime will be lost and cannot be made up on Day 2. The initial minimum number of overs to be completed on any day (unless there is an interruption to play) is 96. This is calculated at 15 overs per hour.

- The minimum number of overs per day shall be reduced by two for each break between innings. However, there is no reduction if the break between innings coincides with a lunch or tea interval.

Suspension of Play

If play is suspended, the minimum number of overs to be bowled in the day shall be calculated on whichever of the following two bases produces the greatest number of overs.

either

One over for each full 4minutes playing time remaining till the scheduled time for close of play (see NZC Playing Conditions 4 Day Over Rates calculation sheet)

or

The minimum number of overs agreed for the day, less the number of overs already bowled and less all allowances for suspension of play.

Last hour

On the last day 15 overs must be bowled in the last hour. The start of the last hour may be delayed so that it commences when 15 of the agreed minimum overs remain to be bowled.

Extension of Play

The hours may be extended on either day to make up for lost time in a day's play because of light, weather, or any other unavoidable circumstances.

- Notwithstanding this, play must not be scheduled to go beyond 7:00pm on Day 1 nor 6.30pm on Day 2.
- When the hours of play per day are extended beyond the usual 6 ½ hours the minimum number of overs per day will increase by one over for every full 4 minutes of extra playing time (i.e. 15 overs per hour).
- The total number of scheduled hours must not exceed 13 hours.
- Lunch and tea intervals may be adjusted to suit the extended hours, with the agreement of the Umpires.
- Games may start up to 30 minutes early on the second day if more than one hour's play is lost on Day 1.

Day One Abandoned: Change of format and/or pitch

If play is not possible on Day 1 then the match will proceed as a single innings game (not limited overs) on Day 2. The points for a first innings lead, tie, or draw will still apply.

If no play is possible on Day 1 and the ground or pitch is deemed by the Umpires to be unfit for play on Day 2, then the match will be abandoned. The game will not be transferred to artificial.

The Ball

- Per NZC 1st Class Playing Conditions. Except that Kookaburra Regulation balls should be used.
- The captain of the fielding side may request a new ball at the completion of 80 overs.

Declarations and Forfeiture – Law 14

It is not the intention that any declaration or forfeiture should become the subject of an agreement between captains. If the Umpires have grounds for thinking that such an agreement has taken place, they shall report accordingly to the ND Tournament Manager, and if ND is satisfied the agreement is proven, any points scored in that match shall be forfeited.

No team shall be allowed to declare its First Innings closed until at least one hour of playing time has elapsed since the start of that innings.

7.2 Brian Dunning Trophy

Except as modified hereunder the NZC Playing Conditions for the Ford Trophy shall apply.

- The 12th player may be rotated on and off the field, bearing in mind the rules of cricket in terms of eligibility to bowl in relation to a player's time off the field (i.e if off the field for more than 8 minutes cannot bowl till back on for length of time off the field)

Hours of Play:

10.30am – 2pm	Session 1

11 SCORING

11.1 PlayHQ Player Registration

All players must be registered on PlayHQ and assigned to the correct teams.

11.2 PlayHQ Scorecard Entry

All games are to be scored on PlayHQ. District Associations are responsible for the entry of correct scorecards in PlayHQ. The scorecard for any game must be entered into PlayHQ by the District Association which is deemed to be the 'home team' (or the team on the left side of the draw). A full scorecard must be entered for a match which has a result or is abandoned.

In the event of PlayHQ technical issues, the team responsible to enter the scorecard must ensure that an email which explains the issue is communicated to ND before the deadline for results.

11.3 Scoring and Scoreboard

The home team is responsible for providing a scoreboard for each match. The batting team is responsible for updating scoreboards during the game.

12 REPORTING AND REPORTS

12.1 Captain Reports

Captains must complete an umpire report on [this link](#) for all matches and must be submitted by both team captains. The report deadlines are due to be completed by Tuesday 9am following completion of play and reports can be accessed online.

13 HELMET POLICY

District Association (DA) representative teams competing in ND tournaments and competitions:

The following policy will be mandatory. Helmets, with a face guard, are mandatory for all cricketers while playing and during practice sessions when batting, keeping (within 5 metres of the stumps) or fielding in close (within 7 metres of the stumps, excluding behind the wicket on the offside).

British Standard helmets (BS7928:2013) are considered “best of breed” helmets and supersede the old Australian/NZ Standard (AS/NZS 4499 series). For the amateur cricketer (Men and Women) who choose to wear a helmet, it is strongly recommended that the helmet meets the British Standard (BS7928:2013).

Any individual with responsibility for players (such as a coach or manager), together with match umpires, should take all reasonable steps to ensure that the above guidelines are followed.

Enforcement:

- Each DA must make the helmet policy available to all representative teams, team managers and coaching staff.
- Each DA should brief your team managers around the expectation that the helmet policy is tightly and closely enforced.
- Coaches and team managers should be aware that the match will be suspended until the player complies with the helmet policy.
- The helmets must be BS7928: 2013 compliant.

Helmet Replacement Policy:

- A helmet must be replaced as follows:
- After a severe impact from a cricket ball.
- If you can see or feel any damage to any part of the head protector.
- After a hard knock causing indentation

14.5 Appendix 3 – Helmet Policy

Mind Your Head

New Zealand Cricket is committed to ensuring all cricketers receive the very highest standard of helmet protection, whether batting or fielding (in specific positions). To this end, NZC has adopted a formal position on helmet safety which is largely in line with similar policies implemented in England & Australia.

- All MAs and DAs (plus Clubs which have paid staff) will have a 'go to' person regarding the implementation of the helmet policy - NZC will also assist in this regard.
- Education will be crucial to the success of this policy.
- Compliant helmets are available from retail outlets throughout New Zealand.

Junior / Youth Hardball (Under 19yrs) boys and girls

The following policy will be mandatory for the 2021 - 22 season onward. Helmets, with a face guard, are **mandatory** for junior cricketers (Under 19), including when they are playing senior cricket. They must be worn while playing and during practice sessions when batting, keeping (within 5 metres of the stumps) or fielding in close (within 7 metres of the stumps, excluding behind the wicket on the off-side).

British Standard helmets (BS7928:2013) are considered "best of breed" helmets and supersede the old Australian/NZ Standard (AS/NZS 4499 series). It is mandatory for all junior / youth cricketers to wear the British Standard helmet.

Any individual with responsibility for players (such as a coach or manager), together with match umpires, should take all reasonable steps to ensure that the above guidelines are followed.

Senior Cricket (19yrs and above) men and women

The following policy will be mandatory for the 2021 - 22 season onward. Helmets, with a face guard, are **strongly recommended** for senior cricketers (19yrs and above) while playing and during practice sessions when batting, keeping (within 5 metres of the stumps) or fielding in close (within 7 metres of the stumps, excluding behind the wicket on the off-side).

British Standard helmets (BS7928:2013) are considered "best of breed" helmets and supersede the old Australian/NZ Standard (AS/NZS 4499 series). For the amateur cricketer (Senior 19yrs and above – Men and Women) who choose to wear a helmet, it is strongly recommended that the helmet meets the British Standard (BS7928:2013).

Any individual with responsibility for players (such as a coach or manager), together with match umpires, should take all reasonable steps to ensure that the above guidelines are followed.

It is recommended that women only use helmets which have been tested against both the men's and junior sized ball or at least against the junior size ball.

14.6 Appendix 4 – Concussion Management

CONCUSSION MANAGEMENT DOMESTIC CRICKET

The management of concussion is our collective responsibility. The incorrect management of concussion can have serious consequences for player health and for the wider game.

It is important that we all - **Umpires, Medical Staff, Players and Coaches** - play our part to keep the game safe.

UMPIRES

If a player has an incident that might result in a concussion (or what we also call a mTBI – mild Traumatic Brain Injury) we must **stop** the game and get a medical assessment done.

These incidents can occur in a variety of ways:

- Ball to the helmet whilst batting, bowling or fielding (or umpiring)
- Bat to the head whilst wicket-keeping or fielding in close
- Head versus ground whilst diving making your ground
- Collision with another player or with the ground or with the ground surrounds

If any of these happen, no matter how innocuous it seems please **stop the game** and **call for a medical person** to assess the player. This will most likely be the physio.

MEDICAL STAFF

If called onto the ground please assess the injured player thoroughly. You will have time to do so. Please consider the following:

- Is there a life threatening situation – call for assistance and dial **111** immediately
- Remember your trauma course training
- What does the Concussion Recognition Tool tell me?

If the player needs to be removed from the field continue on to a fuller assessment including SCAT3 and consider seeking external expert medical advice.

PLAYERS

Please be honest in your response to those trying to help you.

You may be required to leave the field for a period of time and in some cases you may not be permitted to return due to your head injury irrespective of the situation of the match.

These precautions exist for your safety and long-term well-being. Players need to put confidence in the medical professional's direction as they have the well-being of the athlete as their first priority. Therefore if you are instructed to leave the field for further medical assessment, this will be enforced by game officials.

COACHES

New Zealand Cricket and the NZCPA take the potential for concussion extremely seriously. It is paramount that we all support our players and ensure they are our number one priority.

If a player has sustained a concussion injury they will be assessed by medical professionals and may be instructed to leave the field for further medical assessment. This will be enforced by game officials. They will only be able to return once they have completed all return to play requirements to the acceptance of attending team medical staff and external experts as consulted.

PLEASE NOTE: This form should be displayed in both team dressing rooms.

In the case of EMERGENCY please dial 111

RECOGNIZE & REMOVE

Concussion should be suspected **if one or more** of the following visible clues, signs, symptoms or errors in memory questions are present.

1. Visible clues of suspected concussion

Any one or more of the following visual clues can indicate a possible concussion:

Loss of consciousness or responsiveness
Lying motionless on ground / Slow to get up
Unsteady on feet / Balance problems or falling over / Incoordination
Grabbing / Clutching of head
Dazed, blank or vacant look
Confused / Not aware of plays or events

2. Signs and symptoms of suspected concussion

Presence of any one or more of the following signs & symptoms may suggest a concussion:

- | | |
|--------------------------|----------------------------|
| - Loss of consciousness | - Headache |
| - Seizure or convulsion | - Dizziness |
| - Balance problems | - Confusion |
| - Nausea or vomiting | - Feeling slowed down |
| - Drowsiness | - "Pressure in head" |
| - More emotional | - Blurred vision |
| - Irritability | - Sensitivity to light |
| - Sadness | - Amnesia |

© 2013 Concussion in Sport Group

Failure to answer any of these questions correctly may suggest a concussion.

- "What venue are we at today?"
"Which half is it now?"
"Who scored last in this game?"
"What team did you play last week / game?"
"Did your team win the last game?"

Any athlete with a suspected concussion should be IMMEDIATELY REMOVED FROM PLAY, and should not be returned to activity until they are assessed medically. Athletes with a suspected concussion should not be left alone and should not drive a motor vehicle.

It is recommended that, in all cases of suspected concussion, the player is referred to a medical professional for diagnosis and guidance as well as return to play decisions, even if the symptoms resolve.

RED FLAGS

If ANY of the following are reported then the player should be safely and immediately removed from the field. If no qualified medical professional is available, consider transporting by ambulance for urgent medical assessment:

- | | |
|--|---------------------------------|
| - Athlete complains of neck pain | - Deteriorating conscious state |
| - Increasing confusion or irritability | - Severe or increasing headache |
| - Repeated vomiting | - Unusual behaviour change |
| - Seizure or convulsion | - Double vision |
| - Weakness or tingling / burning in arms or legs | |

Remember:

- In all cases, the basic principles of first aid (danger, response, airway, breathing, circulation) should be followed.
- Do not attempt to move the player (other than required for airway support) unless trained to do so.
- Do not remove helmet (if present) unless trained to do so.
